

Who are we?

Brought on by being unimpressed with the quality of meat & cocktails in regional steakhouses, Sir Dukes was born 6th July 2014. Focusing specifically on British heritage breeds, our aim is to supply the area with not only great tasting beef, but to work with suppliers who hold animal welfare in high regard. Simply put, if you are looking for a great tasting (almost) guilt free steak, then we have got to be right at the top of your list.
